ACS is the professional association for Australia's ICT sector. We're here to help you grow your business, upskill your staff, and showcase your exemplary work to an expanded network.

Join ACS as an SME and invest in acquiring and retaining talent, leveraging the right support network and opportunities for your business needs.

YOUR FUTURE

ENSURE YOU HAVE THE RIGHT SKILLS

Understand the skillset of your team to prepare your business for the future.

RETAIN YOUR PEOPLE

Investing in your team increases their job satisfaction and your productivity.

EXPAND YOUR NETWORK

ACS is a community that connects you and your team to thought leaders, industry experts, and peers.

HOW WE CAN HELP

Keeping your team skilled at the highest levels and in front of the technology curve is essential for your business growth. It can help raise the profile of your organisation and its reputation. Revenue follows.

INVEST IN YOUR MOST VALUABLE ASSET

Your most valuable assets walk in and out of your doors every day. How do you acquire the best talent and continue developing their knowledge? ACS gives you the resources to get the best talent, keep them motivated and recognise how to make the right investments in your people.

STAYING AHEAD OF THE CURVE

Partnering with ACS gives you and your team access to the latest information about new technologies impacting your business and a vast library of on-demand learning resources with guided learning pathways. We also provide bespoke solutions addressing your organisational specific needs.

THE RIGHT NETWORK

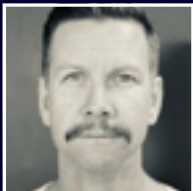

ACS helps you to expand your professional network. Find the right talent in a competitive market and stand out as an employer of choice. ACS is the largest technology community in Australia and brings together individuals through a multitude of premium events, leadership roundtables, and workshops.

PROFESSIONAL DEVELOPMENT

Learn, network and grow through [virtual and networking events](#) hosted by ACS. Delving into topics that relate to soft-skill development to technical expertise. These events are essential development opportunities in the ICT sector and remain the best means to meet like-minded contacts, hear new industry trends and maintain your professional growth.

LEARNING ACCELERATOR

The [ACS Learning Accelerator](#) combines technical and professional courses and assets to help your team members up-skill, re-skill and keep their knowledge current. This platform allows a self-paced learning through guided learning paths, practical exercises and learning challenges and helps preparation for a number of vendor certifications. Successful completion and/or assessment of courses, gives participants a certificate to add to their portfolio as well as recommendations for continual learning and skill development.

LEARNING ACCELERATOR ON DEMAND

The [ACS Learning Accelerator on Demand](#) helps your team members embark on a journey of ongoing learning with a curated library of real-time digital learning modules categorised by specialised disciplines like security, data, implementation and delivery, infrastructure software and machine learning.

CERTIFICATION

[ACS Certification](#) helps you provide recognition to your team members with specialist skills and demonstrating your tech teams' competence, breadth of ICT knowledge and commitment to ethical practice and lifelong learning. Certified members get to use post nominal IP3P and corresponding certification logo, a mark of expertise.

MICROCREDENTIALS

[ACS microCredentials](#) are an effective way to get your team's expertise and experience recognised and validated in the eyes of your clients and the wider ICT community.

MYSFIA

ACS's [mySFIA](#) tool can help you understand your team members' competencies and capabilities, profile their skills, understand skills gaps and keep them motivated by planning their career growth journey.

CAREERS PORTAL

The [ACS Career Platform](#) is an exclusive portal to connect the best technology talent in Australia with the leading companies in the industry and to provide our partners with access to the graduate, early career, and experienced technology professionals. As a professional partner of the ACS you will be able to set up a profile and advertise for internship, graduate, mid-level and senior roles to Australia's largest community of technology students and professionals.

ACSPLUS

Help your employees get cross skilled with [ACSPlus](#). This allows ACS members to access over \$1500 (inc GST) of new benefits that will assist them acquire new skills spanning the data value chain – from analytics, marketing, governance and privacy. ACS members can get [discounted membership to IAPA](#) and access courses and events offered by ADMA, IAPA, D+TC and DGA at [special members only discounts](#).

EMPLOYEE ASSISTANCE PROGRAM (EAP)

We are extending complimentary access to our Employee Assistance Program (EAP) services to our members through until 31 December 2020. The confidential counselling service is provided to assist when personal, family or work-related concerns are impacting health or quality of life. For further information please see our website [here](#).

COVID-19 RESOURCES

ACS has created and made available the following resources to assist our members, partners and other interested stakeholders across our society as we rapidly transition to a more distributed and digital way of working as a result of the COVID-19 situation impacting Australia. They can be viewed on our website [here](#) and include:

- [Small Business Guide To Working From Home](#)
- [Cyber Security Guides For Individuals, Micro-Businesses, Small And Medium Enterprises](#)
