5.3M new jobs to be added to the Australian economy, 22% of these are tech jobs

22%

ACS is the professional association for Australia's tech sector.
We're here to fast track your career with the right skills and the right connections.

Join ACS as a Young Professional and unleash your ICT potential in a dynamic tech environment.
Discover how you can accelerate your career growth.

YOUR FUTURE

ACCELERATE YOUR CAREER
ACS gives you the tools you will need to advance your career. Supplement your capability with emerging skills.

TAKE CONTROL
Get the skills employers are looking for and compete for emerging career opportunities.

GET THE ADVICE YOU NEED
ACS is a community that connects you to leaders, employers, and peers.

HOW WE CAN HELP

You've got started in the tech industry. You're doing well but you'd like to do better. Time to lift your game, aim higher, and boost your career. We can help you with that.

THE RIGHT PLAN
You know there is a path forward but don't have a plan to take you there. Gaining the right skills and knowledge will accelerate your career. Supplement your education with relevant industry skills. Stay ahead of the curve with our globally recognised professional development programs. Stand out from your peers when competing for emerging career opportunities.

THE RIGHT KNOWLEDGE
Access an ever-evolving knowledge base – from industry reports, workshops, on-demand discounted courses for specialized skills, webinars featuring industry leaders and thought leadership reports. We have everything you need to become a sought after tech professional.

THE RIGHT ADVICE
Connect with industry leaders and experienced professionals, people who were once in the same position as you. Be supported in your ICT career and wellbeing. Join an unrivaled community of tech professionals and make connections that will matter.

GET STARTED
Lay the foundations for accelerated career growth. The first step is a conversation. Chat with us on Facebook, email, or phone us, and we'll get started together.

WHAT OTHERS SAY ABOUT ACS...

"I find webinars and online learning extremely valuable however the face-face events ACS hosts is what I get most benefit from."

PROFESSIONAL DEVELOPMENT

Learn, network and grow through virtual and networking events hosted by ACS. Delving into topics that relate to soft-skill development to technical expertise. These events are essential development opportunities in the ICT sector and remain the best means to meet like-minded contacts, hear new industry trends and maintain your professional growth.

LEARNING ACCELERATOR

Explore a wide range of technical and professional courses and assets to help you upskill and reskill, keep your skills and knowledge current and help you with that next career move. Read, watch and listen at your own pace through guided learning paths, practical exercises and learning challenges.

LEARNING ACCELERATOR ON DEMAND

Embark on a journey of ongoing learning with a curated library of real-time digital learning modules categorised by specialised disciplines of in-demand specialised technical skills. Get access to a range of courses that will support your ongoing learning.

CERTIFICATION

ACS Certification helps you future proof your career skills by providing recognition to your specialist skills and demonstrating that you are a rounded professional with competence in your field and breadth of ICT knowledge. Certified members get to use post nominal IP3P and corresponding certification logo and are protected by a special ACS member insurance policy and capped liabilities under a Professional Standards Scheme.

MICROCREDENTIALS

ACS microCredentials are an effective way to get your expertise and experience validated in the eyes of your peers, employers and the wider ICT community in the form of a digital badge. Packaged keeping the current and future needs of the ICT sector in mind, it allows you to get recognised and communicate targeted areas of your experience, knowledge and skills to the ICT sector, including your current and future employment.

MYSFIA

ACS's mySFIA tool can help you understand your competencies and capabilities, profile your skills and map your career plans. Understand your skills gap for your future roles and get started on a success journey by upskilling using other ACS resources.

CAREERS PORTAL

The new member only ACS Career Platform is here to help you take the next step in your career by connecting you with employers looking for talent. The ACS Career Platform is an exclusive portal for ACS members looking for new opportunities, and can be easily accessed the by using your MYACS credentials.

ACSPLUS

ACSPlus allows ACS members to access over $1500 (inc GST) of new benefits that will assist you in acquiring new skills spanning the data value chain – from analytics, marketing, governance and privacy. ACS members can get discounted membership to IAPA and access courses and events offered by ADMA, IAPA, D+TC and DGA at special members only discounts.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

ACS has extended our Employee Assistance Program (EAP) service to our members, as an additional member benefit through until 31 December 2020. The EAP is a professional and confidential counselling service, independent from the ACS, here to assist you with personal, family or work-related concerns that may be impacting your quality of life.

COVID-19 RESOURCES

ACS has created and made available the following resources to assist our members, partners and other interested stakeholders across our society as we rapidly transition to a more distributed and digital way of working as a result of the COVID-19 situation impacting Australia. They can be viewed on our website here and include:

- Cyber Security Guides For Individuals, Micro-Businesses, Small And Medium Enterprises
